NEWARK HOLY GHOST FIESTA OPENS SATURDAY

The twentieth annual Holy Ghost fiesta will open Saturday evening at the Newark Pavilion grounds with a display of fireworks, dancing, a band concert, carnival attractions, and a short parade to obtain the queens crown.

On Sunday morning about ten o'clock the main parade will take place marching from the grounds to St. Edward's Catholic Church, where a high mass will commence at ten-thirty o'clock with Father McLaughlin officiating. The parade will return to the grounds about noon.

On Sunday and Monday afternoons there will be dancing, auctioning, free dinner served at noon continuation of carnival attractions and refreshments.

Miss Helen Guardanapo, a recent high school graduate, will reign as queen of the fiesta for the three days with the following sidemaids, Miss Grace Lyons and Miss Marie Pierce. Miss Dorothy Duarte of San Leandro and Mr. D. Nunes of Newark will be the cape bearers. The bar girls will be Margaret Reis, Marlene Rocha, Florinda Lewis, and Elaine Fontes.

M. M. Pimmentel has been chosen for the second year as president of the fiesta to be assisted by the following: John R. Meneze, vice-president; Manuel DeSalles, secretary; Joe M. Guardanapo, treasurer; and Joe C. Rocha, marshall. John Faria in 1922 was president of the first Holy Ghost fiesta ever to be held in Newark.

This year with the grounds improved and the dance hall remodeled, a crowd of about 1500 is expected to attend the opening Saturday night. Music for the dance will be furnished by a union orchestra, while the Cnterville band, a union band will lead the parade Sunday, and provide a concert during the day. In the parade there will be drill teams from this locality.

The following councils are expected to be represented in the parade Sunday: Alvarado S. D. E. S., Milpitas I. D. E. S., Mission San Jose I. D. E. S., Hayward I. D. E. S., Mountain View I. F. E. S.. and Mountain View D. E. S., Saint Anthony's of Santa Clara, Santa Clara S. E. S. Supreme Council, Santa Clara S. E. S.. Corporation, 71st Avenue Oakland, Ashland I. D. E. S., San Leandro, I. D. E. S., East San Jose I. E. S., Santa Cruz C. P. D. E. S., Livermore I. D. E. S., Stockton I D. E. S., Gilroy I. D. E. S., Half Moon Bay I. D. E. S., Pescadero I. D. E. S. and others.

The draft board at Niles signed up 114 new recruits on the second R day, July 1. Prior to that date the board had the names and registrations of 2,751 elegible young men between the ages of 21 and 35.

MICKIE SAYS—

PRICES GO UP

Effective Saturday of this week the prices of shaves and haircuts will raise unanimously from 25c to 35c for shaves and from 50c to 65c for haircuts. The Township shops have joined the county barbers' union making the higher prices compulsory.

CROWDS THRONG BIG COUNTY FAIR; CLOSES SUNDAY

PLEASANTON — A crowd estimated at more than 10,000 poured through the turnstiles here last Thursday as the Alameda County Fair opened for a ten day "show" of agricultural, livestock, horticultural and other farm exhibits and the best horse racing program ever staged at any county fair in California.

Every Chamber of Commerce of every community in the county is represented by elaborate booths. Scores of industrial, manufacturing and other business concerns also have exhibits. In addition to these displays, there is an elaborate program of free entertainment.

The formal opening of the fair took place at 10 AM with the blare of bands, brief speeches by Sam Whiting, president, and other members of the Alameda County Fair association, by members of the county Board of Supervisors and other civic officials.

— $10,000 in premiums

More than 2500 premium awards totaling more than $10,000 in cash, have been awarded to agriculturalists of Alameda county — the third largest in farm products in California.

The biggest array of horses — both harness steeds and thoroughbreds — and the best array of horses — ever to appear at any county fair in California are on hand to compete in the daily racing program with at least 360 horses on hand.

Each day's big crowd is greeted with an elaborately improved fair grounds. Since last year, more than $175,000 has been expended in erecting a new $100,000 grandstand, a new $10,000 livestock exhibit pavilion, in widening, resurfacing and other improvements on the historic 84-year old Pleasanton race track and in beautification of the entire fair grounds property.

— Big Night Shows

In addition to the myriad attractions that are offered by day, every night at this year's fair is a "Big Night" with "name" bands, high class vaudeville and a score or more of other entertainment features.

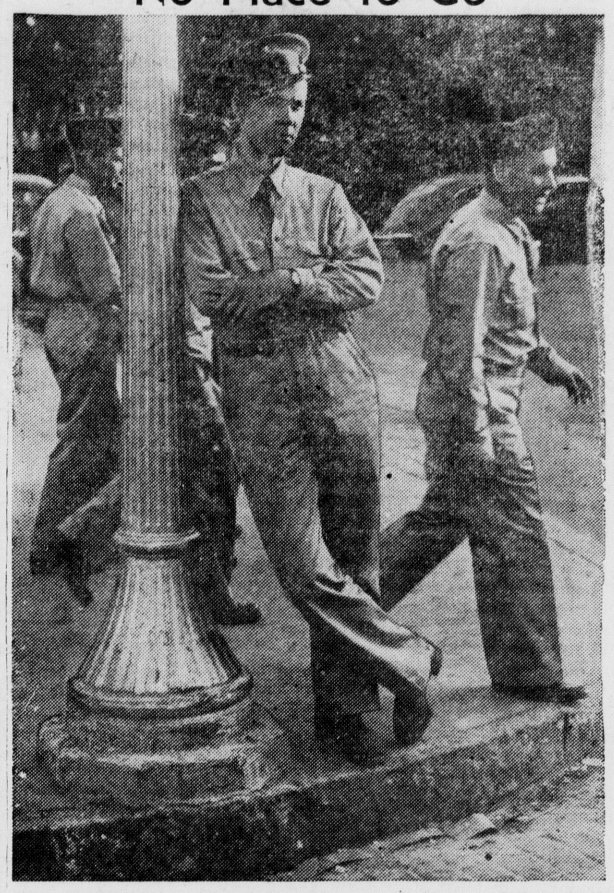

Two feature horse shows are billed as concluding events, coming Friday and Saturday nights, with 22 events listed and many specialty numbers to be added. Sixteen of the events are open classes, for five gaited horses, three gaited horses, stockhorses, hackney ponies, hunters, jumpers, and draft horses. Six are for Alameda Contra Costa horses only, for trail horses, pleasure horses, children's mounts, stockhorses, and musical chairs.

Edward Harris, noted as one of the best horse show directors in the State, will be in charge of both shows. Dr. R. R. Root of Livermore will judge stockhorse classes, and Sam Kramer, Santa Barbara, will judge gaited events.

Final days of the fair will present twelve races, with parimutuel betting, every afternoon, with four heats of harness racing and eight running races. Free shows are presented every afternoon in the exhibit area by Sonny Moore and his trained animals. Dancing concludes the program each night.

All exhibits except those of 4-H Clubs will be retained intact until the conclusion of the fair. Huge crowds packed the fair grounds last Friday and Sunday and two more big days are expected Friday and Saturday which will be final dates for inspecting the exhibits, watching the races, and attending the big night attractions.

No Place to Go

With 30,000 soldiers in training near a small town, a fellow can't even find a place to sit when he gets leave from camp. It may be only a step from this lamp-post to a saloon or gambling place. The United Service Organizations is going to remedy that. Soon there will be a spacious, homelike U. S. O. service club offering this soldier wholesome recreation and guidance.

NEWARK STRIVES TO PASS U. S. O. QUOTA OF $200

NEWARK — The United Service Organization drive in Newark is progressing at a rapid pace, and is showing very good returns. According to Julia Rucshin, chairfan, Newark's quota is about two hundred dollars. At the present time Newark is raising the sum of approximately $325.00.

The committee in Newark assisting Julia Ruschin consists of Mr. and Mrs. Richard Jolly, Charles Gillispie, Sam Scott, Mrs. George May, Mrs. A. Bertolotti, Mrs. V. C. Tuchsen, Reverend J. L. Webster, Father James J. McLaughlin, and Principal Jack Mac Gregor who have canvassed the organizations and businessmen 100 percent. They are expecting to collect a sum of $325.00, as they have not yet approached several industrial plants in Newark.

This organization was formed for the purpose of providing decent activity and recreation for the boys training for war and national defense. The U. S. O. drive comes to an end July 19.

NILES JUSTICE SENDS MAN TO JAIL FOR DRUNK DRIVING

Judge J. A. Silva's first act as he began hearing cases of traffic violations in the Niles Justice Court, beginning July 1 for a period of six months, was to fine a drunken driver $105. Raymond Aros, 24 of Alvarado was found guilty of driving while drunk and of driving without an operator's license. He chose to spend 30 days in the county jail rather than pay the fine.

Justice Allen G. Norris at Centerville on June 30 concluded hearing traffic cases for the first half of this year.

ANNUAL OUTING

(Special to The Register)

Saturday, July 26 is the day set for the fifth annual outing of the Kraftsmen's club. Cobble Crest Ranch in Niles Canyon will be the site of the barbecue and picnic, with David Janeiro in charge of the "eats". Paid-up members of the club receive free tickets for their families and two guests. Tickets may be purchased for additional guests at 50c per person.

JAPANESE CLUB FORMS RED CROSS SEWING GROUPS

CENTERVILLE — The Japanese American Citizens League moved to organize Red Cross sewing units of their own at their meeting held here last week with James Hirabayashi presiding.

The unit was formed at the suggestion of Mrs. Fritz Waltenberger, sewing chairman for Centerville, Alvarado and Decoto, who explained what must be done and proposed that each Japanese woman or girl make one piece for the layettes being prepared for use. overseas.

Hirabayashi appointed Mrs. Yuliko Ando as chairman of the new unit and she is to select a chairman for each town in our Township.

It was reported that the JACL has had good returns in its USO campaign, and its members have bought liberally of defense savings bonds.

UNION OFFICIAL GOING TO TENNESSEE

CENTERVILLE — Joseph Lewis, international vice-president of the Stove Mounters Union, A. F. of L. left his home here Sunday for Chattanooga, Tennessee where he is attending the annual national convention of his organization.

DEFENSE BOND QUIZ

Q. What is the price of a Defense Savings Bond?

A. For the smallest Bond, you pay $18.75. The Bond will increase in value in ten years to $25. For $75, you get a Bond which will increase to $100; other Bonds are in proportion.

Q. What will the Government do with the money I pay for my Bond?

A. Your money will be put to work at once in the National Defense Program to protect the freedom and safety of the United States, and of all its people everywhere.

NOTE — To purchase Defense Bonds and Stamps, go to the nearest post office or bank, or write for information to the Treasurer of the United States, Washington D. C.

CLERKS CHANGE PLACES

Wilson Tyson, efficient clerk in the Niles postoffice has taken over the rural route formerly driven by Frederick W. Shepherd, who came here two years ago from the Yosemite Valley postoffice. After he concludes a three weeks' vacation visit in his native Virginia Shepherd will take Tyson's place as clerk in the Niles postoffice, according to Postmaster E. E. Enos.

SOFTBALL LEAGUE RESUMES PLAY AT HIGH SCHOOL

The Softball League of Washington Township resumed play again this week at the high school, after a weeks rest due to the holidays. There will be no more layoffs during the second half of the league, which started Wednesday evening in the second game.

The league was first formed in 1939, the same year that night lights were installed on the grounds. Native Sons and Kraftile have been the two teams to win championships in the league. This year the league is composed of eleven clubs from Washington Township. The purpose of forming such a big league was to give each team in the Township a chance to play, and to have every home town that could sponsor or produce a team, be represented in the league.

After viewing the different clubs and individuals during the first half, some of the outstanding players and clubs noticed by a majority of the softball fans are:

Central Chevrolet, a weak team in the beginning, strengthening considerably up to the present time.

"Lefty" Miller of Westvaco, one of the fastest and best pitchers in the league. He has pitched a no hit no run game.

Tony Ornellas of Native Sons, who was an outfielder for Wedgewood in 1940, has developed into a swell pitcher. He also has pitched a no hit no run game.

Young Larry Rogers, relief pitcher for Occidental, is a fair pitcher and has developed since 1940.

Occidental, which is third in the league standings, seems to be first in the hitting column. Occidental has compiled 68 runs in nine games

Schedule next week:

July 14 — Decoto Booster's vs. Occidental; Westvaco vs. W.O.W.

July 15 — K of C vs. Central Chev; Native Sons vs. Kraftile.

July 16 — Co. Employees vs. Wedgewood; Occidental vs. Silver Dollar.

July 17 — Westvaco vs. Native Sons; W.O.W. vs. Central Chev.

July 18 — Wedgewood vs. Decoto Booster's; Kraftile vs. K. of C.

OAKLAND CREDIT GROUP MAY COVER TOWNSHIP'S NEEDS

The Oakland Retail Credit association is making a survey of Washington Township with a view to taking care of local businessmen's credit needs without forming an independent local organization, Dr. T. C. Wilson reports.

When the survey is completed a meeting will be called of the community chairmen and the findings will be discussed and action will be taken, according to Wilson who is serving this project in his capacity as president of the Niles Chamber of Commerce, at whose suggestion this activity was undertaken.

GENE AUTRY TO APPEAR AT SALINAS RODEO

Gene Autry, famous screen and radio cowboy star, will be honored guest at the California Rodeo in Salinas on Friday and Saturday, July 18 and 19, according to Frend S. McCargar, rodeo secretary, just returned from the Los Angeles Coliseum Rodeo.

With Autry will be Bill Elliot and many other noted screen and radio personalities at the Salinas rodeo, held July 17 to 20.

U. S. O. DRIVE NEARS ITS GOAL; ONE WEEK LEFT

SAN FRANCISCO — The huge total of $7,500,000 was reported today as having been reached at national headquarters of the United Service Organizations with the Pacific Coast region approximately at the half-way mark in its appeal for $1,250,000. The national quota is $10,765,000.

Outstanding among recent large gifts to the fund for soldier-sailor recreation and morale building, was one of $100,000 from Edward G. Robinson, noted film and radio actor. The big contribution was announced during the greatest show ever presented for such a cause in the Hollywood Bowl on Sunday, June 29. This places the actor in the top category of donors.

At the time Actor Robinson's gift was announced he appeared before 30,000 gathered in Hollywood Bowl and issued a statement remarkable for its modesty and simplicity, as follows:

"The army, naval and marine bases are full of boys who have given more. They've given their freedom for an indefinite time; they've given up their own revenue from civil life and they've offered to risk their lives so that we can remain a free people. I just made a small downpayment for the privilege of being an American."

The drive in Washington Township continues until July 19.

DANCE AT NEWARK TO GO ON AIR ON AUGUST 9

NEWARK — The Management of the Newark Pavilion is now planning a dance and broadcast to be held Saturday evening, August 9 at the Newark Pavilion. Union music will be furnished by Dude Martin and his cowboys. This orchestra was in Newark about two months ago, when they provided music for the Newark Sportsmens Club, and drew an enthusiastic and large crowd.

A larger crowd is expected at this dance as there will be a stage show at 8:30, dancing from 9 to 1, and broadcasting of the dance music from 10 to 11 over station KYA. According to old timers in Newark, this broadcast will give Newark the honor of being the first time in its history ever to be heard over a radio station. It is said to be wonderful to watch how a program is broadcast over the air.

Mr. and Mrs. R. Mahoffy, Doris Thomas and Millard Van Ike visited Mrs. Ray Benbow, guardian and the Irvington Camp Fire girls at Big Basin on Sunday.

James McCue of San Francisco visited Mr. and Mrs. William Hirsch a few days last week.

NEWARK CHURCHES

The Officers of the Centerville Presbyterian Church met with Doctor Clyde Smith, secretary of the church extension board, Monday at the church in Centerville to arrange for a $500 loan to help make major repairs to the building in the near future.

The foundation is to be rebuilt under two of the walls; the steeple will be reenforced; the roof reshingled; and the interior of the auditorium refinished.

A congregational meeting is to be held soon to consider the advisability of making other improvements to the building at the same time. The structure is one of the oldest church buildings in the state. The original brick building erected in 1853 was destroyed by an earthquake during the Civil War, according to Mr. Webster of Newark. The present building was erected in 1868.

With an ample supply of hot water on tap from an Automatic Gas Water Heater your bathroom can give you many advantages of the finest health resort. From head to foot, hot water can supply the kind of bathing that's just in line with "what the doctor ordered."

Try some of the suggestions here. They are downright sensible. They take only a few minutes to do—that is, if you have hot water on tap from an economical Automatic Gas Water Heater. If you haven't, then order a new Automatic installed in your home today. You'll love it!

For busy little bodies there is nothing like a hot bath to bring about restive sleep.

Your hair needs special care in summer. Try a sudsy scrub and hot water rinse.

For a speedy pep-up step under a stinging hot shower.

Hot water is a first-aid to faster, easier shaving during summer.

FIRST MATINEE OF ICE FOLLIES THIS SATURDAY

Biggest attraction for Bay area entertainment seekers continued this week to be the glittering and glamourous Ice Follies of 1941, all-new edition of the famous skating show, now appearing nightly at Winterland, in San Francisco.

The smooth-flowing, richly-costumed revue is steadily adding to its audience total of many millions.

First daytime performance of the ice spectacle has been set for Saturday, July 12. The complete night show will be given, commencing at 2:30 p. m., it was declared by the management, and tickets are available at special rates.

The current edition of the Ice Follies is completely different from the ones which delighted three quarters of a million persons in San Francisco last year and the year before. Production, costumes, lighting and music have been entirely changed but the same great cast of international skating stars appear again.

Amazing to those who see the Ice Follies for the first time is the transposition of dance routines to ice skating. Experts explain that figure skating is based upon dance steps, with a rapid and continuous rhythm almost indescribably beautiful. Those who have seen the show point out that the seemingly effortless flow of action creates the illusion of dancing in the air.

One of the unusual features of the new Ice Follies presentation is the series of performances staged by Harris Legg, champion trick skater, speed skater and barrel jumper.

In one of his acts this year, Legg has a partner, Phyllis Rebholz. The two skate on stilts and are the only pair of its kind in the world. In another part of the program, Legg is a "modern Mercury" and leaps over a series of modernistic obstacles. His act culminates as his body hurtles through a revolving circle of flames.

Ice Follies tickets are available for all performances at Winterland, Post and Steiner Streets, San Francisco, WAlnut 0112 at Sherman Clay boxoffices in San Francisco and Oakland and by mail order addressed to Winterland. Advanced reservations are recommended.

Two "honies" on ice: Jenna Schulte and Valerie Fink.

Private Albert Ornellas spent the week-end with his parents. He is from camp San Luis Obispo.

Mrs. Joseph Silva and son of Brentwood spent a few days with Mr. and Mrs. Manuel Ferry George here last week.

MASONIC HOME NEWS

By J. H. HEATH

Members of the Masonic Home family fully appreciate the efforts of Supt. Eubanks and Matron Lord in providing the essentials for a good time at the Fourth of July celebration, in the Assembly hall Friday evening for in truth it was one of the jolliest parties in the history of all past anniversaries within the Home.

At the threshold of the hall the celebrationists were duly decorated with an amazing assortment of fantastic wearing apparel and provided with a generous collection of noise producing gadgets, after which they were cordially invited to enter and proceed with merrymaking. They found a liberal portion of the hall had been set aside and provided with tables for those who might wish to play cards Reservations near the paino had been reserved for the Chanters-other-wise the members of the Home Choir.

Supt. Eubanks master of ceremonies announced that preliminary to the playing of progressive whist there would be a short service of community singing of patriotic songs. This went over okay under the direction of Matron Lord with Mrs. Edith Walters, Home organist as accompanist.

Next on the program was the rendition of several musical numbers by Mrs. Walters, piano, and Miss Marie of Decoto, accordianist, daughter of Mr. and Mrs. Manuel Bernard. Community singing, lad by the Chanters and these instrumentalists was continued during the card playing, over which Spt. Eubanks and Matron Lord officiated. In the dance which followed the card playing, with peppy music on the piano and accordian, many of the non-card players joined.

Quick work was made of first prize for women, a box of choice confectionery, being awarded to Fannie Davis — Vorsanger, Mt. Moriah Lodge No. 44, San Francisco. Three were tied for first prize for men, a fine box of cigars, the cut showing John C. Kimball Mt. Moriah Lodge, to be the winner. Three players were tied for second award for women, a dainty box of dusting powder. Lila M. Kimball, Mt. Moriah lodge, won in the cut.

Two players tied for consolation prize, a jack-knife, the players being Lucy A. McLean, Excelsior Lodge No. 166, San Francisco and John S. Smith, Paul Revere Lodge No. 462, San Francisco. Smith won.

Throughout the entertainment features important assistance by Mrs. Eubanks, wife of Supt. Eubanks and by Mrs. Osborn, wife of Medical director and Asst. Supt. Osburn and others. A fine service of refreshments, ice cream and cookies was made under the efficient direction of Mrs. John A. Witcosky, Occidental Lodge, No. 22 San Francisco.

At breakfast July 4th the members of the Home were complimented by the management with nifty buttonier flags.

The dinning room sideboard was appropriately decorated, featuring a picture of Washington with silver candelabra and lighted candles.

Reverend John McCall, pastor of Mt. Eden Presbyterian Church, brought the message at Miss Lamb's Decoto Christian Endeavor Society, at Sunday afternoons religious service. At the close Miss Lamb announced that her next meeting would be the first Sunday in September. The sermon of June 29 was conducted by Reverend H. R. Jesshke of San Bruno.

Visiting relatives and friends in the east Bay section the Fourth of July holidays was Dr. Ralph Hawthorne Alexander, Junior Warden of University Lodge, No. 394, Los Angeles. Accompanied by his wife and two children Miss Mary Elizabeth, and Master Lawrence, and his brother Clyde accompanied his Oakland host, R. A. Alexander and family, made the Decoto Home the first calling place after reaching Oakland. While unable to remain long Dr. Alexander took time for a call on Mr. and Mrs. James Yarrington. Mr. Yarrington holding credentials showing his membership of over 25 years in University Lodge, with which he keeps in close touch. He also made a brief call on James H. Heath, whose friendship dates from 1908 when both lived in Escondido, San Diego County. He regretted that Supt. Eubanks was not home.

JURISDICTIONAL CONFLICT ALTERS P G & E PLANT PLANS

The Pacific Gas and Electric Company has announced it will be gin work at once on the construction of another hydro-electric project on the Pit River in Shasta County. This project will take the place of the power plants which the company proposed to build at Cresta and Pulga on the Feather River in Plumas County, and will be of approximately the same capacity.

The change in the company's construction program followed a decision by the Federal Power Commission imposing certain special conditions in the proposed license as finally authorized for the Feather River plants which the Company believes would raise intolerable conflicts of jurisdiction between Federal and State agencies,

Material and equipment now under order for the Feather River plants will be utilized on the Pit River and construction will be completed in time to make the power available for the expected growth of load in 1943 and 1944 as was planned with the Feather River plants.

In addition to starting work on the Pit River project, the company has decided to install an additional unit of 75,000 Kva in its Midway steam plant in Kern County. This unit is expected to be in operation in the latter part of 1943.

Keen regret was expressed by officers of the company that it has been found impossible to proceed with the construction of the Feather River plants and the hope was expressed that some arrangement can be made in the future for their development.

ACHILLES' HEEL IS SHOWING THROUGH HITLER'S BOOTS.

Germany's No. 1 little man, as predicted in these columns two weeks ago, is finding his military mouth is not big enough to take telling bites out of Russia.

At the end of the second week of this as-usual unwarranted war, the nazis are only starting to beat against Rusia's real frontier, and their dead are piled high against the bank of each river they have to cross.

The real test now comes, with the main Russian defenses still to be faced, and cracked by troops tired of 14 days and nights of fighting, with organizations disorganized by the killing of so many men. Numbers of the nazi machines have been rendered useless by use, by shell fire, by capture, by mishap, — or always by the nazi army's bugaboo: lack of gas and oil.

And the nazis have to come a long way with their men and supplies to get at Russia. The Soviets are fighting on their home territory with which they are familiar; the bulk of their army, notwithstanding border losses, is stll fresh and in reserve. The Soviets have many advantages in the present battles, and thank Christ they are standing up to it and fighting like demons, according to press reports.

* * * *

Now here's a funny one, revealed by Columnist DeWitt MacKenzie who was in Germany during the Munich debacle two years ago: instead of the nazi having fifth column agents in Russia, the Soviets have saboteurs busily at work, the Gestapo notwithstanding, (and the nazi Gestapo was copied from the old Russian OGPU), not only in nazi-dominated countries, but in Germany itself.

The Russian agents, probably most of them soldiers, feel it is far safer to risk being shot upon detection as a saboteur in nazi territory, than to face the actual combat of a nazi blitzkreig. There's a chance of "getting away with it" as a saboteur.

So, in this case, the biter gets bit. Hitler's military jaws aren't as big as he thought they were, and Russia is much bigger than he anticipated. Also, the Russian resistance is commented upon daily by the nazi communiuqes, always coupled with the word "surprising."

So signs point increasingly to the fact that Hitler, in this Russian adventure, has at last exposed his Achilles heel. (Alas, the poor misguided fool is all "heel".)

Happily for decent folk, there is no perfect crime.

* * * *

Little Nippon, still holding off action until she is "sure" Hitler can conquer enormous Russia, is making a future headache for herself by proposing the seizure of Vladivostock. in order to prevent the landing of future American supplies to aid the Russians.

The Japanese should remember it was Uncle Sam who discovered the Flowerey Island Empire to the world in 1850. . even though Admiral Perry had to use his warships to blast his way to a landing.

The Anglo-Saxons have been a sort of God-parent to the Japanese in helping their modernization, commercialization, education and Christianization.

To attempt to seize and close another nation's port to the United States is to invite certain war, and in this case, certain defeat.

The Japanese are worn and bled with five years of diabolical war, while we are fresh as a daisy, demanding only the usual respect, — in the absence of which we are ready able and willing to **fight**

The U. S. A. by the grace of God has never lost a war, and by the same Grace will not lose this one, —

if, as and when fate decrees that we come actively to England's side.

There is still a large "IF" in this matter. This is God's country, conceived in Him and dedicated to Him by our national motto.

When England changes her motto from "Honi soi qui maly pens", (why should Mother England couch her national motto in French words?), things will go better for her. So she is now rededicating herself in "blood, sweat and tears".

That's the hard way, and costly, but it works. There is a better way which, in the course of time, old John Bull will see.

California highway patrolmen declare jumping the red light is like jumping a board bill — both lead to a trip to jail.

HAPPY HOLIDAY!

Only in the United States and particularly in California, can a family get in their car the afternoon before a three-day holiday, hook up the old camp trailer, loaded to the guards, and in less than 50 miles of driving over paved highways, find a lovely camping place under cool, green trees on the bank of a clear, purling brook.

There Papa, Mama, the children and the baby swim nearly all day. There the children wade, catch skippers and polywogs and turn over rocks. There Sonny Boy catches trout in the middle of the afternoon in the sight of 500 holiday picnickers.

But a few miles away one finds a moutainside of luscious, green Woodwardia ferns, ranging from an ice-cold creek (with 11 inch trout in it) up a steep bank as far as you can see. Eight and ten feet high, every frond of every fern perfect in shape and brilliant green in color.

All the good things there are to eat, with iced pop in the afternoons, fresh milk and ice and bakery goods delivered to your camp. Hikes to take, horses to ride, dancing if you like it, inviting canyons to explore, — with happy sunburn for everybody! (It goes with summer time and fun, and the health of the sun on the body.)

Folks should realize more health can be had in this manner, as free as the air as you breath and the water you drink, than from all the medicines and tonics (and funny health-substitutes) ever devised by man.

Then comes night and happy children go to their tired beds and sleep the re-creating sleep which only childhood can enjoy. . . While Papa and Mama sit up and rest with a vagrant, cool breeze caressing their cheeks while the joy of married life is woven richer and sweeter and stronger.

And (sh-h!) the total expense for the three day outing for five people is less than $2., most of that spent for gasoline!

There would not be half a world involved in the flames of war if three power-mad dictators could have been raised in our environment, as we were raised with love and family life, and mutual service and happiness their birthright as well as ours.

Governor Bradford of Massachusetts worded hum an destiny correctly back in colonial days when he saw a group of condemned prisoners being led before him to their deaths, when he said:

"There, but for the Grace of God go I."

Let us be thankful to our Maker that we were born Americans — and Californians!

UNBELIEABLE BUT TRUE THE 5-DAY MONTH

(California Feature Service)

Statistics are just about as dry to most editors as they are to most readers But sometimes in the course of interpreting rows of uninteresting figures, one runs onto the most vital and significant facts.

In the following figures may lie the answer to the greatest peacetime bottle neck that ever side-tracked this nation from a main-line job involving its own security. With locomotive engineers, firemen, conductors and brakemen's unions demanding a 30 percent wage advance, here is what the figures show: A passenger locomotive engineer on a California railway is now paid $8.67 an hour. However, his union so restricts the mileage he may run that he only works 43 hours a month—or60 days a year—for which he recieves $375 a month — or $4,476 a year!

The requested advance would increase his hourly pay to $11.27; his monthly pay to $485 and his annual pay to $5,820—for working, remember, 43 hours, or about 5 days, a month!

Now pending is the withdrawal of union's mileage restrictions; if accepted, theengineer—if he preferred—could work 20 ordinary 8-hour days a month instead of 5. With his hourly paycheck still at the requested $11.27, his monthly earnings would total $1,801—his annual income, $21,624!

To the average man those figures tell an astonishing story and need no embellishment. We quote them from "Railway Age" because they illusrate the current disregard for common sense seen in the demands made on many vital defense industries in a period of national extremity—in the plane plants, shipyards, munitions factories, frieght yards, docks and machine shops.

If this is the kind of stupid resistance that is unballancing the wheels of necessary defense activities; if this is a sample of the demands the American workman would fling at his country's vital machinery at so critical a time as the present; if this is a taste of the unAmerican selfishness of the leaders who would prevent the nation's arming for defense—then something is very wrong with the caliber of America's workmen and America's leaders, in labor and in government, who permit such wanton sabatoge of all that is America!

(Editor's note: And: this is a possible reason why we are on the brink of war. to make the selfish ones snap out of it.)

NATIVE LODGES PLAN ADMISSION DAY CELEBRATION

OAKLAND — Native Sons and Daughters of the Golden West from the thirty-three Parlors located in Alameda County are completing plans for the state-wide Admission Day celebration and parade that will be held in Oakland this year.

Festivities will get under way on Sunday, September 7th, when drill team and drum corp competition will be held. There will be athletic contests as well as a Grand Ball on Monday, September 8th. On Tuesday, September 9th, the annual parade will conclude the celebration. The United States has indicated that a destroyer will be docked at Oakland Harbor for the three day period.

It was largely through the efforts of the Native Sons and Daughters that Admission Day was made a legal holiday, and it is the aim of the Alameda County organization to surpass the successes of previous years.

"Our motto is the biggest celebration since 1850," General chairman William Dombrink said, "and that includes a lot of time and territory."

Both the San Francisco and Oakland chambers of commerce have opened offices in New York City.

DIFFERENCE - The United States has "invaded" Iceland!

That would be terrifying news were it not that the premier of Iceland invited the American Government to send troops and airplanes for Iceland's protection.

The premier drew up an agreement containing eight stipulations, one of which called for the removal of all American troops etc. after the emergency had passed. President Roosevelt accepted all the stipulations in toto, signed the agreement, and our troops are there.

Senator Wheeler weazled the information that troops were going to Iceland, four days before the government wished the movement known, thus imperiling the lives of our men at sea. Had the Nazis sunk our troop ships hanging would have been too good for him.

Maybe Wheeler, Lindbergh and Nye will get some sense knocked into them befor this mess clears up.

So: when the United States "Invades" a country it is actually done at request of the invaded country's goverment. An agreement is drawn up, the terms of which will be fulfiled as time elapses.

Thus throwing into sharp contrast white mens methods - and those of the nasti Nazis.

May mankind soon emerge from this period of "emergency", which began when Roosevelt - and Hitler - came into power, - two scant days apart.

What is The Almighty trying to do with us, His people, anyway?

—ww—

WELL! — A high army officer (who has been in more than one "shooting war") told newsmen this week he believed the draftees and guardsmen in the new army were being coddled and pampered too much. .

One can refer to an editorial published in this paper two weeks ago, wherein your scribe, twice an ex-soldier, tried to get the idea across that young men worth their salt, whether in the army or out, can find ways to entertain themselves when off duty, — and be clean about it, too.

So its U.S.O. for the good ole U.S.A.!

—ww—

STUPID — Its about time the New Deal caught up with the fact that farmers farm and stockmen raise cattle in order to MAKE MONEY.

With the eastern half of the world facing starvation, our government's philosophy of scarcity is assinine. For example: the wheat farmers of the Middle West, anticipating their best year since the early 20's are now being PENALIZED from $200 to $1,000 each for over-planting wheat.

What the heck? They've been starved and blown away for the past decade. Now with weat at $1 a bushel and ample rains, the grain farmers want to "make hay" (and money) in order to try and buy their properties back from insurance companies who own most of the ranches in the Dakotas. . .

Pursuing the same stupid, unwarranted policy word came from Washington a month or so ago instructing stockmen NOT to increase their herds, because meat prices are going up!

Can you swallow that? We, the public are paying higher prices for our meat, even importing beef from the Argentine; and our army and our Allies' armies need lots of meat.

What earthly reason is there for our American stockmen not seizing their first opportunity inabout 15 years to MAKE SOME MONEY?. . Some of our impractical politicians, many of whom have never been businessmen or worked for themselves, should have their brains examined!

Anyway, congress should at once repeal all the experimental 1933, 1934 and 1935 restrictive agricultural legislation. None of the New Deal's noble experiments in controlling production have succeeded. Nature determines that. . All the farmers want is to be left free to grow as much as they can to make as much money as they can to feed as many of us as. they can.

In other words, they just want to FARM the best they know how, just as their forbears have done for generations. Aside from the war, New Deal has given us far too much government. Americans still like to stand on their own feet, not on the government's.

—ww—

WRONG — Are railway engineers losing their minds?

It is a 40 hour run for the diesel engined streamliners from San Francisco to Chicago. It takes one engineer and one firemen to operate them. Yet, today, this crew of two men is changed FIFTEEN times between San Francisco and Chicago, thus giving 30 men less than three hours work each, and each man gets a minimum days pay of eight hours! And it is high pay, too — exactly $8.67 per Hour.

No skilled laborer is worth almost $70 per day, yet that's what the engineers are being paid.

Us ordinary workers, who would think it was heaven to earn $5 a day, let alone $10, would believe the engineers should be satisfied.

But they're not.

They have placed a demand before the railroad companies that FIVE additional engineers, assistant engineers and firemen be added to the crew of 2 to make 7 men to run one engine. With the 15 changes now in force, that would give "work" to 75 more men per run or a total of 105 men to do the job now being done by 30.

What would the extra 5 engineers etc. do? where would they stand? There isn's room enough in the cab of a modern engine for seven men to occupy at one time. How could the present two work, with five other men in their way. . if you can call it work to sit down and pull a lever or turn a valve for about two and one half hours a day, at $8.67 per hour?

It really beggars ordinary understanding what ails the minds of some of these union groups, who are already the best paid workmen in the world. . earning more than most college professors, lawyers, dentists, etc. — yet they want more and more.

We, the common people, feel ashamed of the way these selfish groups abuse their privilege of being Americans. It isn't cricket; but how to stop it?

Another example: Walt Disney's highly-paid cartoonists went out on strike some weeks ago. He promised them full reinstatement, granting of their wage increases, double time for overtime, two weeks vacation with pay, — just about gave them his business — if they would come back to work.

But they wouldn't. He has offered them all and more than they went out on strike for; still they wont work. Guess the Hitler germ has got them.

If we do have to enter the war it is to be hoped a lot of this lunatic fringe of mad behavior can be rubbed off, not alone in low places but in high.

We'd like America to be about what it was 1900, when every man was a king, family life was nearly ideal, and life was much more worth living than it is now.

Time, however does not go backwars, which makes intelligent people eager to learn what's ahead?

— ww —

FOOL-ISH — Senator Wheeler is going to ask the senate to investigate the presence of American troops in Iceland.

Inasmuch as these troops were sent there at the request of the premier of Iceland, with the eager consent of England, and by Presidential decree, Bugs Wheeler is making a fool of himself.

There is a WAR on, Senator, and we have a president running this country. Why dont you and Nye and Lindbergh spend your too free time "investigating" your colossal egos?

—ww—

PERCENTAGE — The Russian-azi war is drawing to a speedy climas — IN THE RUSSIANS' FAVOR! — and the outcome is a lot nearer than people especially Europeans, think.

The Russians Vice Commisar of Foreign Affairs announced Tuesday that nazi losses in men are running 60,000 daily.

As there are 12,000 men in a nazi division, and as Germany started the war with 100 divisions on the Russian front, just do a little arithmetic.

Losing five divisions a day means the whole nazi army will be gone in 20 days and the war is now in its 17th day. Of course the Soviet claims are grossly exaggerated; yet the losses are enormous; as proven by the fact Berlin admits fresh troops are being rushed to the front to make up the losses and give a breathing spell to their exhausted soldiers who have to fight day and night without rest. The Soviet, past-masters in brutality, give the nazis no rest, which, under the circumstances, is a good thing. In fact, a fine thing. If the nazi brute has to be exterminated by the bigger Soviet brute, then the sooner it's over, the better. (Thank God it's not US.)

Even Vichy, supposedly nazi-controlled, admitted Tuesday the nazi advance was way behind schedule. In fact the advance has ceased to advance. And most of the nazis haven't even reached the true Russian frontier!

Vichy reports again that German losses are so heavy (as predicted in these columns last week) that nazi operations are slowed up through the necessity of having to reorganize remnants of several shattered fighting units into one serviceable unit.

Civilians dont realize that the loss of a few key men makes a whole fighting unit, particularly a mechanized one, absolutely hors de combat.

Well, this all makes excellent reading for the truly civilized world. The Russians are taking it, the Russians are dishing it out; the authors of modern brutality have finally put their hellish talent to use: a lesser evil destroying a greater evil.

"It wont be long now" until we hear surprising news of uprisings in so-called conquered nations, no doubt even in Germany itself. The down trodden German people wont stand for all their men bein gkilled off. The anticipated climax of this world drama will come when Angry Adolph places his little suicide gun against his head and the gun goes "pop! pop!"

Then the nazis hierachy (one seventh of it is now chafing in England) will crack up just as Huey Long's did when the King Pin was killed by his own body guards — accidentally, of course.

Genius is never transmittable, as pointed out in these colyums many times. And then we'll have peace on earth, and good will among men, and for want of manpower Germany will find herself the decadent nation.

A new France will rise again. England, having shaken off the complacent lethargy of the ages will rise and shine as a mighty Mother Nation to all the smaller nations, and life will be good.

This is not wishful thinking, — it is prophecy!

—ww—

FINE — Twelve nazi agents refused to let Panamanian police search certain quarters where a secret radio station was supposed to be operating. The police broke in, the nazis opened fire, so the quick-triggered police shot and killed every one of the 12 nazis.

Now aint that fine? this is the only treatment the nazis understand: kill or be killed. Meantime, there are 12 less nazi agents running around alive, trying to infect the minds and lives of decent people.

FOUR FIRES, TWO CAR MISHAPS MAR WEEK IN NEWARK

NEWARK — Four fires and two automobile accidents marred the holiday week last week in Newark.

The first fire occurred in the home of Fire Chief Joseph Pashote, who lives next door to the Newark Garage when his electric refrigerator caught fire in the rear of his home on the afternoon of July 1. The refrigerator was destroyed and the smoke damaged the back porch. The chief covered his nose with his handkerchief, took the top panel off the ice box and put out the fire. The loss is set at $100.

The Newark department was called out twice Wednesday morning to extinguish fires. The first was on the rear of the Washington Township Garbage truck damaging the paint job of the new truck recently purchased. The second was a small grass fire near Joe Limas home which is thought to have started from a spark from the garbage truck fifteen minutes before at about the same place.

On Saturday, the only holiday accident, a ton of hay caught fire near the Morton Salt Company. The Newark Fire department responded to the alarm but was too late to save the hay, although they prevented the fire from spreading to other large shocks nearby. The fire seems to have been started by a firecracker.

Frank V. Molrude of Hayward met with an accident Thursday eve ning at the Dumbarton bridge when his Ford V-8 sideswiped the guard rail of the bridge. The driver received minor injuries.

Ed Kuegeman, son of Jack Kuegeman, on Thursday evening crashed into three parked cars in front of the Newark Cafe. Kuegeman, driving a model A Ford totally damaged the car, and claims his steering aparatus, went awry and caused the accident. Leonard Laudenslager riding with Kuegeman was slightly injured.

The parked cars damaged belonged to Joe Martel, proprieter of the Newark Cafe, a 1936 Plymouth sedan; Henry Marshall, who was to leave Monday for his new home at Eeattle, in a 1935 ford V-8 sedan and Fred Green, a 1934 Chevrolet Sedan. The Livermore Highway Patrol reported to both of the accidents.

John W. Myers of Niles Glen and his nephew, Alex DeKnoop of New ark have respectively joined Companies A and B of the California State Guard in Oakland.

NEW RECRUITER

Chief Buglemaster George Wagstaff, U. S. N. is now in charge of naval recruiting at the Niles Draft Board office on Fridays and at Livermore on Thursdays. He replaces Quartermaster W. S. Smith, who has been trasferred to the headquarters recruiting office in Oakland.

TRUSTEES DECIDE ON NEW BUDGET FOR HIGH SCHOOL

CENTERVILLE — The board of trustees of Washington Union High school at their meeting last week tentatively set the budget for the coming year's expenses at $156,000 which is approximately the same as last years figure. And after being published in newspapers, following a public hearing on August 5 the proposed budget will be submitted to the board of supervisors for approval. The tax rate is then set and announced in September.

The board is advertising in the Township Register for bids for another school bus to join their present fleet of seven.

Miss Florence Sherman of Vallejo, a graduate of U. C., until recently teaching at Loyalton, has been engaged to teach physical education and home making.

The board adopted a retirement system for non-teacher employees, which will permit them to retire on part pay after the age of 65 or 70 years.

Last week's meeting was the first for Robert Francis of Centerville, who was elected trustee over John Galvin of Niles by 26 votes. He succeeded H. L. Scott of Niles, who declined to run for a third term.

SERVICES HELD FOR MRS. ELSIE SILVA

NEWARK RESIDENT

Funeral rites were held Wednesday morning, July 2 for Mrs. Elsie Cherry Silva, 53 years of age, of Newark, who passed away Monday in Oakland.

Services were held from the Berge Mortuary in Niles and at the Oak Hill cemetary in San Jose. She was a native of St. Louis, Missouri, and has lived in Newark for sometime.

She is survived by her husband, Joseph; son Joseph Jr. of Newark; daughter, Mrs. A. J. Feleciano of Rodeo; and a Grandmother of Rodeo; and a Grandmother of Newark, she was also the mother of the late Virgil Cherry of the University of California.

MARRIED AT STANFORD CHAPEL

Dr. and Mrs. Lyle Buehler of Niles, who were married recently in the Stanford Chapel at the university of which Dr. Buehler is a graduate. Mrs. Buehler was Miss Florence Jewell, graduate of San Jose State and the University of California. She is the daughter of Mrs. Grace G. Jewell of San Jose. — Cut courtesy Oakland Tribune.

TOMATO GROWERS TO HOLD HEARING IN SACRAMENTO

(Special to the Register)

SACRAMENTO — The State De partment of Agriculture today announced that a public hearing upon a proposed marketing order for canning tomatoes (1941-1942) will be held in Room 600 of the Business and Professions Building, Tenth and N Streets, Sacramento, at 10 a. m. on Monday, July 14.

The hearing was called by State Director of Agriculture W. B. Parker at the joint request of the Statewide Committee of Canning Tomato Growers and the Canners League of California, and in accordance with the provisions of the California Marketing Act, as amended.

Provisions of the Proposed Marketing Order would be applicable to all types of tomatoes canned and processed; would establish uniform grades for all types of canning tomatoes; provide neutral inspection supervised by an industry committee, and would also prohibit unfair trade practices.

A notice of hearing and a copy of the proposed order is being mail ed by the Bureau of Markets, State Department of Agriculture, to about 2,700 producers and 47 canners and processors whose names are on file with the State Department of Agriculture.

SUNDAY SCHOOL CLOSES

The Niles Congregational Chruch Sunday School has closed for the months of July and August. The enrollment for the past year reached 102 with an average attendance of 65. Teachers for the past year were. Miss Betty Denton, Mrs. William Lindsay, Mrs. Willis. Mrs. Wyatt, Mrs. Tally, Mrs. Clements, Mrs. Butler, Mr. Walter Kleinsasser and Rev. Day. Awards for attendance will be made when the Sunday School opens September 7.

ARMY PLANS MANY PILOT SCHOOLS IN THIS STATE

SAN FRANCISCO — Huge new appropriations of federal funds are to be expended in Northern California for sites for the training of military airmen, according to the aircraft information bureau.

From Washington comes news of approval of two new Army Air Corps training bases in the San Joaquin Valley, One, costing $4, 066,589, will be advanced training school located at Cuba Station, five miles northwest of Merced. The other, a $4,419,045 project calls for construction near Lemoore of a school for advanced training in twin-engine airplanes.

In addition, a number of Northern California communities have been included in a nationwide survey of airport construction or improvement.

Listed are Eureka, Livermore, Lone Pine, Madera, Merced, Modesto, Porterville, Sacramento, Santa Rosa, Santa Cruz and Ukiah.

The Tex Rankin school is now training pilots near Lindsay, and another civilian-operated army pilots' school is being planned between Dinuba and Visalia, both in Tulare County.

NYA TRAINS YOUTH FOR DEFENSE WORK

LOS ANGELES — A twelvemonth job or "re-tooling" California's National Youth Administration for national defense has been crowned with spectacular success —success expressed in terms of a current monthly production of more than 2,000 skilled young workers for waiting jobs in California defense factories — a report, "N. Y. A's Year in National Defense", reveals this week.

Released by Robert Wayne Burns, State NYA Administrator, the report reviews a year beginning July 1, 1940, which has witnessed transformation of NYA into a streamlined unit in California's defense machine.

DISCONTINUANCE OF SRA SHOULD REDUCE TAXES

"The liquidation of SRA may bring some RELIEF to the taxpayers instead of creating additional taxes," said William A. Davis, pres ident of the Taxpayers' Association. "Heretofore taxpayers have been paying indirectly for the State finances 66 2/3 of SRA costs with the County paying the other third. Now is should be possible for industry to absorb the majority of these workers as there is at present a labor shortage in many fields, and taxpayers would be relieved of this burden which has been placed on them during the last 4 1-2 years." (Only employable cases were handled by SRA as all unemployable cases applying for aid are handled by the County indigent relief.)

The Alameda County SRA case load has decreased from 6,997 for May, 1940, to an average of 1,363 for May, 1941, and has further delined to 1,169 as of june 19, 1941. This decrease is primarily due to the great demand for employees needed for the national defense industries and some what to seasonal demands created by the fruit industries where many of the aliens on the relief rolls are now employed.

"It must be remembered." Davis pointed out, "that there are still many defense orders which are not yet in operation so that employment has by no means reached a peak and any willing worker should be able to find a job."
